

## IT Carlow Certificate in Business in Technical Aircraft Management

### Lecturer Profiles February 2014

**Eimear Pepper** - Eimear started as a project engineer in 2002 and progressed to project manager within ESB International. In 2005, moved into the aviation sector with SR Technics Ireland in the structures engineering department, supporting the MRO activities. From 2009, worked as a senior design engineer for SR Technics Aircraft Design Services whereby engineering solutions were provide to airlines and lessors to support transitioning aircraft.

Solutions included requested design modifications, materials procurement and support, project management. Moved to CAE Parc Aviation in 2012 to join the expanding design department whereby new project management systems were introduced and OEM and materials/engineering supplier relationships developed.

Since 2013, employed at SMBC Aviation Capital based in Dublin working on Aircraft Deliveries. This involves the delivery of new and used aircraft to airline customers from a contractual standpoint. This involves close liaising with the airline, a global panel of law firms, internal departments and OEM's.

Eimear graduated from Trinity College in 2002 with a degree in Mechanical and Manufacturing Engineering. Awarded Chartered Engineering status from Engineers Ireland in 2010. Recently graduated with an MBA from Trinity College Dublin in 2013.
